ARTEMIS™

CLIPPER COMBS

AVAILABLE
NOW

OVERVIEW

For over 25 years, Chris Christensen has been a leading innovator in the Show Dog and Grooming Industry, with revolutionizing products such as *White on White*, the *Big G*, and one of our latest releases in partnership with Aesculap, the *Artemis* Cordless Clipper.

With product innovation and quality being the leading principles our brand was founded upon, Chris Christensen is proud to offer the latest extension to our *Artemis* line, a five-piece clipper comb set, available now for purchase.

DESIGNED BY PROFESSIONALS FOR PROFESSIONALS

Made in Germany from high-end quality metal, the *Artemis* Cordless Clipper Combs are built to sustain the toughest environments, while also providing the finesse needed for the most delicate grooms.

With a focus on quality and superior performance, you can trust the *Artemis* Clipper Combs will meet the rigorous demands of groomers, handlers and dog show enthusiasts.

PRODUCT DESCRIPTION

The Chris Christensen Artemis Clipper Combs pair the renowned high quality standards of Chris Christensen with the precision of German craftsmanship of Aesculap. Designed to complement the Artemis Cordless Clipper and coordinating universal interchangeable blades, this five-piece clipper comb set is expertly crafted from high-quality durable metal to sustain the toughest environments, while also providing the finesse needed for the most delicate grooms. Each clipper comb is coded with an easily identifiable size on the outer comb tooth for clear visibility. Deep teeth allow for longer hair to pass through blades more efficiently, keeping a constant cut length throughout the entire body.
